Guest Wall Information 2020

Our hire fee for a Guest Wall includes space in our browsers and card racks, a meet-the-artist session and a preview if required, promotion through our usual channels, point of sale packaging (except for specialist packaging), and processing of payments for sales by bank transfer. We have space to accommodate your own browser if you prefer.

We use the Stas (Zipper) hanging system on our Guest Walls. We supply six cords as standard plus hooks as outlined below. More are available, please let us know how many extras you need in advance. This system works best with pairs of d-rings on the sides of the backs of your framed pieces, either on their own or with cord or wire strung (fairly loosely, and securely) between them. Place them so that your work will hang flat against the wall and not tip forward. Eye hooks, pins, tacks, etc are not compatible with a professional finish, nor are pieces hung from a single centre hook, and are used at your own risk. Very light work such as unframed canvases may not be suitable for hanging on our system, you are welcome to try them out in advance of your booking.

A non-refundable 20% deposit applies, with the balance of the booking fee payable no later than two weeks prior to the booked start date. We take these payments by bank transfer and cash or card at the galleries, or by phone at an arranged time.

Please contact us via the gallery contact form on the website or by email (shorelinepartners1@gmail.com) to discuss your proposal, providing links to images representational of the work you would like to exhibit, and to check availabilities. The guest wall is curated and not booked on a first come, first served basis, but we do give all proposals full consideration in the order they are received.
